

Michael & Paula Nowell

Meridian, MS

The Nowell's passion for crappie fishing began in 2008 when they began tournament fishing as a team with Magnolia Crappie Club out of Mississippi. Michael & Paula continue to serve in their roles as director and officer for Magnolia Crappie Club, as they have done for the past many years. Their mission is to provide each and everyone a chance to fish competitively and to grow the sport of crappie fishing.

Fishing the Crappie Master's Tour and the Magnolia Crappie Club Trail have been a great experience for the Nowell's. These experiences have given them a solid base of understanding fisheries throughout the southeast. By fishing competitively, they have gained valuable experience that has paid huge dividends in the club and professional circuits. Michael & Paula held the big fish club record of 3.57 lbs. for several years with Magnolia Crappie Club. Their team has enjoyed several top 5 finishes in the last few years.
